GENERAL INFORMATION

Continuing Education
The Minnesota Podiatric Medical Association is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. The Minnesota Podiatric Medical Association has approved this activity for a maximum of 22 continuing education contact hours.

Registration
The registration fee includes all educational sessions, continental breakfast, and lunch throughout the conference. For a list of all registration fees, please refer to the last page of this program. The Minnesota Podiatric Medical Association maintains responsibility for the programming selection.

Cancellation Policy
A $50.00 administrative fee will be charged to any cancellation. Cancellations must be made in writing to info@mnpma.org or 1465 Arcade Street, Saint Paul, MN 55106 prior to November 1, 2018. No refunds for cancellations will be honored after this date.

Intended Audience
The intended audience for the conference is physicians, resident physicians, students of podiatric medicine, and podiatric medical assistants.

Disclosure
It is the policy of the Minnesota Podiatric Medical Association to insure balance, independence, objectivity, and scientific rigor in all its educational programs. All speakers and individuals responsible for, or who have influence over, the educational activity, are required to disclose to the program audience any real or apparent conflicts of interest that may have a direct bearing on the subject matter of the continuing education program. Any such conflict will be announced by the speaker immediately preceding the lecture. Financial disclosure forms be available at the registration desk for review.

Non-Discrimination and Accommodations
No person shall be denied registration or participation in any continuing education program provided by the Minnesota Podiatric Medical Association for reasons of race, color, creed, religion, national origin, sex, marital status, familial status, disability, public assistance, age, or sexual orientation. Please notify MPMA staff if you require special accommodation for training or attendance.

CECH CHECK IN POLICY

Three check ins are required each day except Thursday, where only two check ins are required.

Attendees using the mobile app will check in using the app. Attendees not using the app will check in at the registration desk.

1. Check in at the start of the first session that you attend for the day.
2. To receive credit for attending a lunch and learn, you must check in at the start of the session. If you do not attend a lunch and learn, you must check in at the start of the first session that you attend after lunch. Not applicable on Thursday.
3. Check in at the end of the last session that you attend for the day.

Mobile app users: When you enter the check in code on the app there is a time stamp created in the system. Your CECH are calculated based on these time stamps. Check in codes change throughout the day and are located on the doors inside the lecture rooms. Do not enter a check in code for every session that you attend.

Prorated CECH will be given to attendees who arrive late or leave early based on their check in times.

CECH certificates will be emailed to attendees by December 3, 2018.

LEARNING OBJECTIVES

Upon the conclusion of the Twin Cities Foot and Ankle Conference, podiatric physicians will be able to:

• Be knowledgeably informed or remember information regarding podiatric conditions, maladies or circumstances relating to the practice of medicine and surgery.

• Extrapolate by comprehension, understanding or perception the insight gained via lecture and discussion relating to the practice of medicine and surgery.

• Formulate or infer by application case relevance relating to the practice of medicine and surgery.

• Distinguish by analysis the appropriate modalities in the treatment, care and protocols of current trends, application and practices of medicine and surgery.

• Generalize, synthesize, or deduce by classification ways to develop treatment protocols based on current literature and evidenced based medicine.

• Compare, contrast and evaluate judgment values for those ideas presented between medical and surgical applications.
